**Re: Application Pending Referral from an Authorizing Agency for Qulliq Energy Corporation's (QEC) "Iqaluit Hydro-Electric Baseline Study" Project Proposal**

Dear Stephen Kerr:

The Nunavut Impact Review Board (NIRB or Board) received Qulliq Energy Corporation's (QEC)'s "Iqaluit Hydro-Electric Baseline Study" project proposal from the proponent on November 23, 2012. The project proposal submission included the following documents:

- *NIRB Part 1 Summary Application Form in English*
- *NIRB Part 1 Summary Application Form in Inuktitut*
- *Map*
- *Non-technical Project Proposal summary in English*

The NIRB conducts screening (environmental impact assessment) of project proposals upon referral from Government departments/agencies and Regional Inuit Associations responsible for authorizing the proposed project works or activities. Please be advised that it is the Proponent's responsibility to apply for all authorizations and approvals required to carry out the proposed project works or activities.

Once the NIRB receives a referral from an authorizing agency, the Board will screen the project proposal in accordance with Article 12, Part 4 of the Nunavut Land Claims Agreement and will report to the Government Minister(s) responsible for authorizing the project.

If you have any questions or concerns, feel free to contact Natasha Lear, Environmental Administrator at (867) 983-4612 or via email at [info@nirb.ca](mailto:info@nirb.ca).

Sincerely,

*Natasha Lear*
