PO Box 2200
Iqaluit, Nunavut X0A0H0
By email: pscnu-cspnu@rcaanc-cirnac.gc.ca

Dear Cassel Kapolak, Richard Dwyer, Tracey McCaie, Natalie D'Souza, Caroline Whittle, Luis Manzo, William Patch and Charlotte Lamontagne:

RE: NPC File No: 150860 [Coral Harbour Remediation Project]

The following works and activities have been proposed in the above-noted project proposal:

1. Undertake remediation of a former military site in Coral Harbor.
2. Modification to the original project: Transitioning to post-construction long-term monitoring of the site starting August 2025, following the completion of the remediation work.
3. Associated NPC File No: 149576; Related NIRB File No: 22KN046
4. Location: Kivalliq Region; [Coral Harbour]

A complete description of the project proposal reviewed by the Nunavut Planning Commission (NPC) can be accessed online using the link below.

The NPC has completed its review of the above-noted project proposal. The NPC previously reviewed works and activities associated with the current proposal (conformity determination issued June 21, 2022), which still applies. In addition, associated activities were previously screened by the Nunavut Impact Review Board (NIRB File No.: 22KN046). It conforms to the Keewatin Regional Land Use Plan (KRLUP). The proponent has undertaken to comply with the applicable conformity requirements of Appendix C, G, and H of the KRLUP.

The above-noted project proposal is exempt from screening by the NIRB because the NPC is of the understanding that the currently proposed post-construction monitoring activities does not change the general scope of the original or previously amended project activities, and the exceptions noted in Section 12.4.3 (a) and (b) of the Nunavut Agreement do not apply.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials, including the applicable conformity requirements, are available at the following address: <https://lupit.nunavut.ca/portal/registry/registry.aspx?appid=150860>

The regulatory authorities to which this letter is addressed are responsible under the Nunavut Planning and Project Assessment Act (NUPPAA) to implement any of the applicable requirements by incorporating the requirements directly, or otherwise ensuring that they must be met, in the terms and conditions of any authorizations issued.

This conformity determination applies only to the above-noted project proposal as submitted. Proponents may not carry out projects, and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required. Regulatory authorities may consult with the NPC to obtain recommendations on their duties to implement the existing land use plans prior to issuing licenses, permits and other authorizations under subsection 69(6) of the NUPPAA.

My office would be pleased to discuss how best to implement the applicable requirements and to review any draft authorizations that regulatory authorities wish to provide for that purpose. If you have any questions, please do not hesitate to contact me at (867) 447-4563.

Sincerely,

A handwritten signature in blue ink, appearing to read 'SA', with a horizontal line extending from the 'A'.

Solomon Amuno, PhD
Senior Planner
Nunavut Planning Commission
