Dear Mr. di Pizzo

Re: Bathurst Inlet Road and Port Committee (BRPC)

It has come to our attention that the Nunavut Water Board (NWB) may not be aware of the formation of the Bathurst Inlet Road and Port Committee (BRPC) and thus the reason for this letter.

I have attached the correspondence that the Committee distributed to a number of public and private sector agencies and individuals in March and April of this year. As we have not yet received any correspondence from your agency pertaining to this project we would appreciate being included on your distribution list for all further correspondence that is associated with this project.

We look forward to receiving information pertaining to this project with great interest.

Sincerely,

Craig J. Thomas
 Secretary/Treasurer
Bathurst Road and Port Committee

**Re: Official notification of the formation of the Bathurst Road and Port Committee -
BRPC**

To Whom It May Concern:

On behalf of the community, organizations and businesses of Bathurst Inlet, Nunavut, I am pleased to announce the formation of the Bathurst Road and Port Committee (BRPC). Our committee has been developed to represent the interests of the people, culture and businesses of Bathurst Inlet relative to the proposed development of an all-weather road between Bathurst Inlet, Contwoyto Lake and the Izoc Mine property and a port facility on Bathurst Inlet.

The BRPC consists of a partnership of interested residents, organizations and businesses of the Bathurst Inlet area and is primarily composed of representatives from the community of Bathurst Inlet (Kingaunmiut), the Burnside Hunters and Trappers Organization (BHTO), Kingaunmiut Ltd., Bathurst Inlet Developments (1984) Ltd. and Bathurst Inlet Lodge Ltd. Please find attached signed copies of each party's commitment to the BRPC.

Committee members that will represent the people and organizations of Bathurst Inlet include:

Sam and Susie Kapolak
Allen and Connie Kapolak (Chairperson)
Martha Akoluk

Boyd Warner
Craig Thomas (Secretary/Treasurer)

It is the intention of all participating committee partners to have, effective immediately, the BRPC act as the lead and contact committee on their behalf for all communications related to the Bathurst Inlet Road and Port Project and that involvement of the BRPC be fully accepted by all participating parties from both the private and public sectors. We would therefore like to formally request that the BRPC be placed on your mailing and consultation lists and that all enquiries be directed to the Committee Secretary/Treasure.

We are very excited about the opportunity to work with you and all others involved in this immense project and expect to fully participate in the development process. I invite you to contact me at your earliest convenience to discuss the project and the involvement of the BRPC.

Yours truly,

Craig J. Thomas
Secretary/Treasurer
Bathurst Road and Port Committee

RE: Bathurst Road and Port Committee (BRPC) Members - Update

To Whom It May Concern:

Please note that as of April 25, 2002, Martha Akoluk has asked to be removed as a member of the BRPC. This change in the committee membership is a result of Ms. Akoluk's involvement with the Nunavut Impact Review Board (NIRB) and her perception of a potential conflict of interest.

Thank you,

Craig J. Thomas
Secretary/Treasurer
Bathurst Road and Port Committee
