Dear Distribution List:

Please find attached three separate land use applications from KIA. These documents replace the application in the Bathurst Inlet Port and Road Project Description, and are for:

- all season road,
- camp and bulk fuel storage, and
- quarrying.

As well, please find enclosed DIAND's letter of May 10, 2002 requesting an extension for comments.

Please be advised that NIRB has extended the deadline until **Friday, May 31, 2002**.

Dear Ms. Briscoe,

Re: Bathurst Inlet Port and Road Project

Thank you for your letter dated April 26, 2002 in which you ask for comments on your proposed determination for a review of the Bathurst Inlet (Kitikmeot) Port and Road Project under 12.4.4(b) of the Nunavut Land Claim Agreement. We respectfully request an extension of three weeks to prepare our comments.

After receiving your letter, it took some time for a number of federal authorities to locate a copy of the project description. While this difficulty appears to be resolved, we have not yet had time to adequately review the material and meet to discuss the potential effects of the project. Neither have all the departments determined whether or not they are authorizing agencies for this project, and hence their role in the assessment.

We look forward to your response to this request. If you have any questions or require clarification, please don't hesitate to contact myself at (867) 975-4549 or Janice Traynor at (867) 975-4554.

Sincerely,

Nataliee Rold
