Subject: Bathurst Inlet Port and Road Project (BIPAR)

Dear Parties:

On May 27, 2004 the Nunavut Impact Review Board (NIRB) provided notice to the parties of the Scoping Meeting to be held in consideration of the BIPAR application filed by Tony Keen (c/o Nuna Logistics Limited). Further to this the NIRB has set a more detailed agenda and is providing the parties with a list of participants confirmed to attend the scoping session either in Yellowknife and/or Cambridge Bay.

The purpose of the Scoping Meeting is NOT to determine what is right or wrong but rather to determine the coverage, content and focus of the EIS; what is in and what is out.

The NIRB has received written submissions with respect to the scoping of the BIPAR project from Bathurst Inlet Lodge and Bathurst Inlet Port & Road Committee. These submissions are available from our FTP site (documents #100 and 101) for your consideration:
[http://ftp.nunavut.ca/nirb/Reviews/03UN114%20-%20Bathurst%20Inlet%20Port%20&%20Road%20\(BIPAR\)/](http://ftp.nunavut.ca/nirb/Reviews/03UN114%20-%20Bathurst%20Inlet%20Port%20&%20Road%20(BIPAR)/)

Translation will not be provided at these scoping meetings. One of the items to be identified through this meeting is the various language requirements for the individual community meetings with respect to scoping and future hearings.

The NIRB looks forward to an informative and productive scoping session. Should you require clarification in this matter do not hesitate to contact me or Ms. Dionne Filiatrault at 867-360-6338 or email srtech@nwb.nunavut.ca

Sincerely,
