Hi Philippe

Phyllis forwarded your recent submission to me for review. Thank you for the response.

Before proceeding with the licence renewal and amendment, could you please clarify for me whether or not any part of the road is on Commissioner's Land and whether the Government of Nunavut has any interest or role in governing that land? If there are any other written authorizations pertaining to the application, could you please provide them?

Also, the Municipal Motion you submitted refers to a map. Could you please submit this attachment?

And finally, can you please clarify the term of licence that you are seeking?

Thank you

Hi Phyllis,

Sorry it took so much time to reply to the request. You will find attached the written consent from the Municipal Corporation. QC confirm that the license renewal is for the sole purpose of completing the obligations set forth in the previous license.

Regards,

Philippe Simon, P.Eng., Ph.D.
