Attachments: [English summary - Application for Water Licence Renewal.docx](#)

To whom it may concern,

We have just applied for the renewal of the above mentioned water license. The purpose is mainly to complete some road surface work and to complete the implementation of proposed mitigation plan to restore some damages made to the tundra. Attached is a project summary of the work, but essentially, the renewal is to allow the eventual assignment of the road (and bridge) to the Municipality of Clyde River for the use and benefit of the local population.

Please let me know whether or not a screening determination will be required for the renewal?

Sincerely,

Philippe Simon, P.Eng., Ph.D.
Cape Christian project site superintendant

Objet : RE: 091009 8BW-CLY0810 Amendment Application Qikiqtani Region

Dear Parties,

Please be advised that the NIRB re-issued the recommended project-specific terms and conditions contained in the July 24, 2008 Screening Decision, (NIRB File No. 08RN070) along with additional new terms and conditions on September 30, 2009. This was done in accordance with Section 12.4.3 of the NLCA after completing a review of Qikiqtaaluk Corporation's request to Fisheries and Oceans Canada for an amendment to their *Fisheries Act* Authorization for their "Clyde River Road and Bridge" project.

Regards,

Sophia Granchinho
Technical Advisor
