Hi Phyliss,

Ian from INAC here.

I am writing this email to ask for a one week extension for comments on the license renewal on water license number 8BW-CLY0810.

The reason I'm writing now is that I didn't want to wait until the last day to ask for an extension. Going over the renewal application we have come across, potentially, a few liability or legal issues that we need clarification on in regards with infrastructure, in this case roads, and type of land it is on (municipal lands/ commissioner's etc and the NLCA.

Thanks for your consideration into this matter.

Regards,  
Ian
