Subject: Licence 8BW-CLY0810 – Part H Item 8 - Spill Contingency Plan Road Between Clyde River and Cape Christian

Dear Mr. Flaherty,

On September 2, 2010 the Nunavut Water Board (NWB or Board) received the Plan entitled “*Spill Contingency Plan Road Between Clyde River and Cape Christian*”, dated September 2010, in accordance with Part H Item 8 of water licence 8BW-CLY0810 amendment #1 (Licence Amendment). The Plan has been placed on the Board’s public registry and is available from the NWB ftp site using the access username of “public” and the password of “registry” (without the quotes) at the following link:

[ftp://nunavutwaterboard.org/1%20PRUC/8%20MISCELLANEOUS/8B/8BW%20-%20Watercourse/8BW-CLY0810/3%20TECH/8%20SPILL%20CP%20\(H\)/](ftp://nunavutwaterboard.org/1%20PRUC/8%20MISCELLANEOUS/8B/8BW%20-%20Watercourse/8BW-CLY0810/3%20TECH/8%20SPILL%20CP%20(H)/)

The NWB has reviewed the Plan and determined that it fulfills the requirements of Part H Item 8 of the Licence Amendment. The Board notes that Appendix 2 of the Plan contains a different version of the Nunavut Spill Report Form than that provided in the previous Plan dated April 2009. The Licensee is advised to consult the Government of Nunavut Department of Environment for the most up to date version of the Nunavut Spill Report Form for inclusion in the Plan.

If you have any questions concerning the above, please do not hesitate to contact me at (780) 443-4406 or via email at dts@nunavutwaterboard.org.
