**Re: NWB4DUV - Duval Bridge Repairs - Type "B" Licence**

On behalf of Indian and Northern Affairs Canada (INAC), I would like to thank the Nunavut Water Board (NWB) for the opportunity to provide comment on the Type "B" Water Licence Application (the Application) submitted by the Government of Nunavut Department of Community and Government Services (the Proponent) for the purpose of undertaking repairs on the Duval Bridge in Pangnirtung, NU.

In undertaking our review, INAC did not identify any appreciable concerns with the project, and/or potential deposit of waste into water, that were additional to those already addressed in Section 4.6 of the Application. We note, however, that the Proposed Time Schedule (Section 15) will require adjustment to reflect the actual period of activity. Otherwise, INAC has no additional comments or recommendations to offer at this time.

Best regards,
