Dear Natasha Lear,

The Government of Nunavut is planning to construct a bridge over the Swan Lake River in Gjoa Haven in summer 2015. The bridge material was delivered to Gjoa Haven in 2009. At that time the DFO-Fish Habitat management Office authorized us to proceed with the Work. Memo Authorization is enclosed. Due to budget issues the bridge construction was deferred for a later date.

Enclosed for your reference are:

1. Memo from DFO-Fish Habitat Management
2. Google map with coordinates of the Bridge location
3. General Layout drawing of the Bridge
4. Abstract of Project Status Report for the Bridge Project

Please advise if additional documentation is required in order to proceed with the work.

Regards,

Jivko Jivkov, P. Eng.,
