Thank you for your query. The application is in the queue for processing. As soon as the tech advisor is finished reviewing the file you will be getting an email on what additional information is required to complete the application.

As a heads up we will require the attached application form, signed by the Hamlet of Gjoa Haven as the licence will be in their name. We will also require an authorization from the Hamlet for you to act on their behalf. An English and Inuktitut project summary will also be required and the \$30.00 administration fee.

Any technical deficiencies will be requested by Karen Kharatyan
