Hi Richard

Thank you for the opportunity to review this file. DFO has one comment/question below; apologies for the late submission.

Subject: Airport River

Reference:

- Section 6.4 Environmental
- Appendix B Reference Correspondence

Question/Comment:

DFO is in favour of replacing a culvert system with a bridge system.

In addition to the communications provided in Appendix B, is there any other information on Airport River as non fish bearing? Have any surveys ever been conducted?

Best Regards,

Derek
