Thu, Feb 7, 2019 at 12:25 PM

Hi Richard,

Hope all is well. I have received some of the missing information from the City of Iqaluit regarding our application for a renewal of 8BW-IGD1516 license (original application attached). I have included the following information that was missing in the previous submission:

- 2017 financial statement – the 2018 statement will not be ready until April 2019
- City of Iqaluit's certificate of Incorporation
- The list of officers is as follows:
 - Matthew Hamp, M.Hamp@city.iqaluit.nu.ca, (867) 979-5667
 - Amy Elgersma, A.Elgersma@city.iqaluit.nu.ca, (867) 979-5653

Still Outstanding:

- Executive summary in Inuktitut, we are in the process of translating the letter
- \$30 Fee payment for the application
- \$30 Deposit for the water use

Can the City make one \$60 payment instead of two \$30 payments? Also, do they need to reference anything so they know what the payment is for?

Thanks for your help.

Good morning Simon,

Attached is a renewal application form along with a guide on complete submission of an application.

You'll first need to submit your project proposal to the Nunavut Planning Commission for their process as per Nunavut Planning and Project Assessment Act (NuPPAA), the proponent of a project governed by NuPPAA is also required to submit a project proposal document directly to the Nunavut Planning Commission (NPC or Commission) for the NPC's determination regarding the applicable land use planning requirements and/or directions regarding whether the project is subject to screening by the Nunavut Impact Review Board. In particular, please note that as established under Articles 11, 12 and 13 of the Nunavut Agreement, NuPPAA and Part 3 of the Nunavut Waters and Nunavut Surface Rights Tribunal Act, until the project has completed the applicable land use planning and assessment process required by the NPC and the NIRB, the NWB cannot issue a water licence/approval.

I've copied them on this e-mail.

Regards,

Richard

Subject: RE: 8BW-IGD1516 renewal application

Thanks for looking into this for me Richard.

Please see the link below. Within this link you will find a compressed file which contains the City of Iqaluit's renewal application for the 8BW-IGD1516 Type B water license as well as supporting documentation.

<https://www.dropbox.com/s/5mxydsjyd6znoca/NWB%20Renewal%20application%202019.zip?dl=0>

The documentation included in the link is:

- Executive Summary (English)
- Environmental Procedures followed for the project
- Letters from the NPC and NIRB
- Issued for Construction Drawings
- Topographical Map as well as Site Plan sketch

I am missing a few things that were specified within the application which I expect to receive from the City of Iqaluit shortly. Once I receive them I will pass them along. They are:

- Updated statement of financial security
- Latest list of officers of the company
- Certificate of incorporation or evidence of registration of the company name
- Executive Summary in Inuktitut
- The \$30 fee owed for the application, I'll send proof once paid
- There \$30 deposit for water use, I'll send proof once paid

If there is anything else that I have missed please let me know. I am new to this process and want to ensure you have all the information required.

Thanks and have a great evening!

Simon Plourde

Good afternoon Simon,

I checked with the Director of Technical services if this is a renewal only the supplemental information guide isn't required.

Regards,

Richard
