Subject: RE: NN825 Lupin Mine Ice Road Construction 8BW-LUP1924

To: Pedersen, Baba (AADNC/AANDC) <baba.pedersen@canada.ca>

Cc: derek.donald@nwb-oen.ca <derek.donald@nwb-oen.ca>, Gord Peckford <gord@nahannincl.com>, Clell Crook <Clell@nahannincl.com>, Kenny Ruptash <Kenny@nahannincl.com>

Hi Baba,

Please accept this as our 30 day notification as per Parts C and E of Licence No. 8BW-LUP1924 for the construction of the ice road to Lupin Mine. We will commence with road construction in mid-January on the southern portion of the road in the Northwest Territories. Our crew will move north from Portage 56-1 along the alignment historically used to the Lupin Mine site.

The ice road construction activities on Pellat and Contwoyto Lakes may include the use of water up to 299 m³ of water drawn from the lakes as per Part C, item 1. This small volume of water is substantially less than 10% of the available water from each source.

All conditions stated under Licence No. 8BW-LUP1924 will be adhered to by Nahanni Construction.

I will be your main contact. Clell Crook will be the Site Superintendent during the ice road construction activities. Gord Peckford will be the Mine Manager once we reach the site.

jared@nahannincl.com

clell@nahannincl.com

gord@nahannincl.com

We will provide phone numbers for our mobile camp and the Lupin Mine site once obtained.

Please let me know if you require further information and if we have your approval to proceed with construction activities in January 2020.

Jared Buchko, Project Manager | jared@nahannincl.com
