**Re: Application for Amendment of Municipal Water Licence NWB3REP0409 for
Construction of the Proposed North Pole River Access Road**

On behalf of the Hamlet of Repulse Bay, please find enclosed an application for amendment of their Municipal Water License NWB3REP0409. The Hamlet wishes to construct a road to access identified granular resource sites located northwest of the community. As the proposed access road will cross several waterbodies, additional information supporting this request has been included with the application. The Hamlet will also require approval from the Nunavut Impact Review Board (NIRB); copies of the submission to the NIRB have also been included with this application. Supporting the application are the following attachments:

- NWB License Application Summary in English and Inuktitut;
- NWB Supplemental Technical Information for Water Crossings;
- NWB License Application Amendment and use fees;
- NIRB Project Proposal in English and Inuktitut; and,
- NIRB Project Specific Information Requirements

One hard copy of these documents is provided in addition to digital copies on the enclosed compact disk.

I trust we have provided the Board with sufficient information to process the licence application. Should you have any questions or comments, please do not hesitate to contact me. Please address any correspondence related to this application to the undersigned.

Yours Truly

NUNAMI JACQUES WHITFORD LIMITED

Nick Lawson
Operations Manager
