The Nunavut Water Board acknowledges receipt, on March 15, 2011, of the above resubmitted application for the Hamlet of Repulse Bay. Your application has been assigned file number 8BW-REP----. Nunami Stantec are identified as submitting the application on behalf of the Hamlet. There is a requirement for the Hamlet to provide a letter authorizing Stantec to act on their behalf for this project.

Currently the file is undergoing a preliminary administrative and technical review and once completed you will be notified of any deficiencies which may be necessary to complete the file.
Regards,

Phyllis Beaulieu
