Subject: 8BW-REP---- Requirements
Date: Friday, March 20, 2009 1:07:15 PM

Good Afternoon Nick,

Prior to sending the 8BW-REP---- (formerly 3BM-REP0409) out for a 30 day review period, the NWB is requesting a site specific spill contingency plan and the for construction drawings of the road and culvert installations signed and stamped by an engineer. Until receipt of the above documents then the file will be placed on hold. Should there be any concerns with the above requirements, I am available at the below number or by return email.

Sincerely,

Don
