Subject: RE: Coral Harbour Airport Community Road Washout Rehabilitation Project - Draft NPC Application 148146

Hello Mr. Hoos,

(I have copied the CGS representative you noted below).

After reviewing your draft proposal (**Coral Harbour Airport Community Road Washout Rehabilitation Project - Draft NPC Application 148146**), the Nunavut Planning Commission (NPC) has determined that it falls within the exemption of certain works and activities from the *Nunavut Planning and Project Assessment Act* (NUPPAA) definition of the term "project". The NPC only has a statutory mandate to review "projects", and does not presently have jurisdiction to review your proposal.

Section 2 of the NUPPAA defines the term "project" to mean:

...the carrying out, including the construction, operation, modification, decommissioning or abandonment, of a physical work or the undertaking or carrying out of a physical activity that involves the use of land, waters or other resources. It does not include

(a) the undertaking or carrying out of a work or activity if its adverse ecosystemic impacts are manifestly insignificant, taking into account in particular the factors set out in paragraphs 90(a) to (i);

(b) the undertaking or carrying out of a work or activity that is part of a class of works or activities prescribed by regulation; or

(c) the construction, operation or maintenance of a building or the provision of a service, within a municipality, that does not have ecosystemic impacts outside the municipality and does not involve the deposit of waste by a municipality, the bulk storage of fuel, the production of nuclear or hydro-electric power or any industrial activities.

Specifically, your proposal involves municipal works or activities identified under part (c) of the above, and does not need to be reviewed by the NPC.

In addition, thank you for contacting me regarding the issue you are having when attempting to fill in the proponent details on the online application form; I will discuss this with our programmers.

Please contact me if you have any further questions.
