Good afternoon Nicolas,

I have been assigned to your file.

Before the Application can proceed I would appreciate if you could clarify the following issues:

- The Spill Contingency Plan and Remote Camp Questionnaire cover a different undertaking than the Application. The former documents cover an undertaking planned for 2014 near Igloolik, while the latter covers an undertaking planned for the northeast of Ellesmere Island in 2015. The Remote Camp Questionnaire indicates that your research is a multi-year project; as such, is your current Application for an extension to a project that began in 2014? If so, did you possess a previous Approval WL or Licence with the NWB?

- Under block 3 of the Application, you wrote "Unorganized Land" as the owner of the land. What exactly do you mean by this?

Please contact me with any additional questions or concerns you may have.

Regards,

Dear Phyllis,

Thank you for your email.

Please find attached the English and Inuktitut summaries.

Let me know whether you safely received the documents.

Sincerely,

Nicolas
