RE: authorization to represent

To whom it may concern,

Sarah Neima is a technician responsible for field camp logistics with the Wildlife Landscape and Science Division. As such, she is responsible for applying for any permits required for operating our field research camps in Nunavut. To facilitate her completion of this task, I authorize her to represent myself and our team of Research Scientists in completing the application for our Nunavut Water Board approval for water use without a license for all the avian research camps listed on the permit applications for both Coats Island (8WLC-AIF2223; renewal application sent with this letter), East Bay, Southampton Island (8WLC-PCE2223; renewal application to come), and Cape Graham Moore (8WLC-TBM2223; renewal application to come).

If you have any questions, please call me at (613) 998 7364.

Sincerely,

Grant Gilchrist  
Research Scientist
