RE: Authorization to Represent

To whom it may concern,

Holly Hennin is my technician responsible for field camp logistics with the Wildlife Landscape and Science Division at Environment and Climate Change Canada. As such, she is responsible for applying for any permits required for operating our field research camps in Nunavut. To facilitate her completion of this task, I authorize her to represent myself and our team of Research Scientists in completing the application for our Nunavut Water Board approval for water use without a license for our coastal surveys in the Hudson Strait, based out of the community of Kinngait (previous permit in 2025 - 8WLC-ASR2526; renewal application sent with this letter).

If you have any questions, please call me at (613) 222-6846.

Sincerely,

Grant Gilchrist  
Research Scientist
