Dear Mr. Cote, Ms. Kharatyan, Ms. Ohokannoak, Dr. Sharp:

RE: NPC File # 148217 GPS Monitoring of Glacier Change on the Devon Ice Cap

The Nunavut Planning Commission (NPC) has completed its review of the above noted project proposal. The activities associated with this proposal were previously reviewed by NPC, and a conformity determination was issued on January 29, 2010, which still applies. In addition, the activities were previously screened by the Nunavut Impact Review Board (NIRB FILE NO.: 06YN010, 10YN007). This project proposal does not require further review by the NPC or further screening by the NIRB.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials are available at the following address:

<http://npc.strata360.com/portal/project-dashboard.php?appid=148217&sessionid=>

This decision applies only to the above noted project proposal as submitted. If there is a significant modification to the project proposal, the proponent is required to re-submit the modified project proposal to the NPC. For reference, a significant modification may include:

- Any change to the location of the work or activity;
- Any change to the type of land use;
- Any change to the timing of the work or activity (e.g. seasonal changes);
