The Board approves of the grant of the Application for renewal on April 15, 2015, for a period of one (1) year, and includes within the Approval conditions related to the use of waters or deposit of waste which are an integral part of this Approval required for this type of authorization under the *Nunavut Waters Regulations* (NWR).

This Approval and the conditions contained therein, permits the carrying out of activities involving the use of waters or deposit of waste with respect to the application for approval. Any variation from these activities may result in a violation of this Approval and contravention of the NWNSRTA or NWR. The NWB would like remind the Applicant of the obligations with respect to the reclamation and reporting which will arise as this Approval approaches its expiry.

The NWB recommends that an application for renewal of this Approval be filed at least thirty (30) days prior to its expiry date.

If Mr. Sharp contemplates changes to its undertaking involving a change in scope or increased activity, a water licence may be required. It is Mr. Sharp's responsibility to apply to the NWB for a water licence in accordance with the timelines set out for licences.
