Licensing Department
Nunavut Water Board
P.O. Box 119
Gjoa Haven, Nunavut
X0B 1J0

To whom it may concern:

I am applying for use of water without a license, for the McGill University project "The beginning of an Era: characterizing the depositional environments of Earth's earliest eukaryotes". Our research is academic in nature, and will have little to no environmental impact.

For the application for use of water without a license, please refer to the following files:

Application for water use without a license (Application – The Beginning of an Era.pdf)
English non-technical summary (non-technical summary English.pdf)
Inuktitut non-technical summary (non-technical summary Inuktitut.pdf)
French non-technical summary (non-technical summary French.pdf)

With best regards,

Malcolm Hodgskiss
