Ida,

I think we can move forward with 8WLC-CBA1718 as the NPC letter from October 2016 covers up to 2020.

Thank you for your question.

Yes, the project applied for was for several years.

It is my understanding that the Water Board may undertake annual renewals itself without having to refer back to NPC, if the project applied for was multi-year.

Hi,

I'm new to the Nunavut Water Board (NWB) and have been assigned the review of an approval without Water Licence application for the Cape Bounty Arctic Watershed Observatory (CBAWO) (NPC File No. 148366). The NWB file number for this application is 8WLC-CBA1718.

On the NPC public registry, it looks to me like NPC has reviewed the project on a long term basis 2017 to 2020 (<http://npc.strata360.com/portal/project-dashboard.php?appid=148366&sessionid>). If that is the case, I would think that NPC letter "11218 - 16-10-27 NPC Letter re Cape Bounty Arctic Watershed Observatory (CBAWO)-148366.pdf" would meet the needs of the NWB for the one year licence for the summer of 2018.

Is your understanding that the NPC has reviewed the project for multiple years? If so I can use your letter from October of 2016 to affirm NPC review of the project. If not, NWB will need a new letter so we can move the file forward.
