To: Richard Dwyer <richard.dwyer@nwb-oen.ca>

Hello Richard,

Please find attached an application for permit to operate without a licence. I was very confused by the process, the exception from NIRB and my inability to find access to an application form on the NWB website, led me astray here.

I would like to assure you that we have been operating as per conditions our previous permits and following all the regulations with respect to recording, collection and disposal of water, and containment and use of any fuel away from water sources, as per our Land Use Permit.

Sincerely,

Melissa Lafreniere
