Good day Jean-Baptiste,

Thank you for your email regarding the 8WLC-CBS1920 Carboniferous Basins in Svalbard, Canada and the Barents Sea Project.

As there will be no work this year in your project area and you decide to re-apply for next year you will need to apply before the expiry date February 25, 2020.

As indicated in your application you had the start date July 1, 2019 and completion date of July 26, 2019 if you decide to do the work before the expiry date you have the Licence which still applies for your project area.

Any questions please don't hesitate to contact me or the Nunavut Water Board.

Regards,  
Ida
