#### Dear Assol,

Yes, our practice always has been to take all non-sewage waste back onto our flights to the Polar Continental Shelf Facility in Resolute, where it will be properly disposed of. This is certainly the plan for this proposed field season as well.

Best regards,

Claudia

Dear Dr. Schröder-Adams,

I am writing in regards to your application for an approval to use water and deposit waste for the Cretaceous High Arctic Paleoenvironmental and Paleoclimatic Change Project. Could you please confirm that all solid waste (non-sewage) will be backhauled to an approved location (landfill)?

Thank you,
