

Figure 1. Map of study region (outlined in red) for the Nunavut Water Board application 'Coastal hazard assessment in Kugluktuk and Grise Fiord (Ajuittuq, Nunavut)' project (Pl. S. Coulombe). Marine sampling is planned throughout Jones Sound, Eureka Sound, and Greely Fiord. The tentative locations of six camps to be used during multi-day trips from Grise Fiord by snowmobile to Eureka Sound & Greely Fiord are indicated.
