Dear Tracey McCaie, Richard Dwyer, Cassel Kapolak, Jared Ottenhof, Carson Gillis, and Lt(N) Keith Diakiw:

### RE: NPC File No. 150575 [Submerged Equipment Recovery (Amadjuak Lake, NU)]

The following works and activities have been proposed in the above-noted project proposal:

- 1. RENEWAL of site cleanup/remediation activities.
- 2. Project Schedule: 1 June to 31 December 2025
- 3. Associated NPC File No.: 150333; Associated NIRB File No.: N/A
- 4. Location: Qikiqtani Region; [Amadjuak Lake, approximately 240 km northwest of Iqaluit]

A complete description of the project proposal reviewed by the Nunavut Planning Commission (NPC) can be accessed online using the link below.

The NPC has completed its review of the above-noted project proposal and has determined that it is outside the area of an applicable regional land use plan. The works and activities associated with this proposal were previously reviewed by NPC on 10 May 2024, including site restoration/remediation activities.

The above-noted project proposal is exempt from screening by the Nunavut Impact Review Board because it belongs to a class of exempt works or activities set out in Schedule 12-1 of the *Nunavut Agreement*, and the NPC does not have concerns regarding the cumulative impacts of the project proposal.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials are available at the following address: https://lupit.nunavut.ca/portal/registry/registry.aspx?appid=150575.

This decision applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits, and other authorizations in respect of projects if a review by the NPC is required.

If you have any questions, please do not hesitate to contact me at the email or telephone number below.

Sincerely,

Devid Denox
