The Nunavut Water Board Licensing Department acknowledges receipt on March 27, 2014 of your Application For An Approval Without A Licence. Currently the application is being reviewed internally for administrative completeness. You will be notified in due course of any deficiencies prior to forwarding the file to the technical department for review and issue of a one year approval.

Please be advised that we currently have a Type B licence issued for what we believe may be the same project area (copy attached). If that is the case then the Type B Licence will need to be cancelled by way of an application for cancellation, copy attached. If the project is in a different area, there will still be a requirement to apply for cancellation of the Type B. Final abandonment and restoration information would be appreciated for the Type B.

Any questions please don't hesitate to contact our office.
