**6. CLASSIFICATION OF UNDERTAKING** - Indicate the classification of undertaking by checking one of the following boxes.

☐ Industrial

☐ Mining

X Conservation

☐ Municipal

☐ Agricultural

☐ Recreational

☐ Power

X Other: (describe)

Only a temporary fieldcamp for conservation research. No permanent construction as suggested in Appendix C.

See Appendix C of the Guide for descriptions of classifications of undertakings.

**7. DESCRIPTION OF UNDERTAKING AND EQUIPMENT USED** – Provide a brief description of the undertaking including a description of any equipment that will be used in using water or depositing waste.

This project will follow the breeding ecology of light-bellied brent geese throughout the breeding period for the first time. Breeding aggregations have been previously identified on the Schei Peninsula and GPS tags attached on the wintering grounds will provide the locations of additional individuals, and hence breeding locations which will be visited if practical (e.g. Amund Ringnes/Ellesmere Islands), hence geographic locations provided above. Work will involve finding nests and monitoring nest survival and then chick survival throughout the rearing period, hence the requirement for a temporary fieldcamp on the Schei Peninsula from approximately 05 July – 05 August, although precise timings will be both weather and goose breeding success dependent. At this time water will be required and will be obtained from ice/snow melt. The fieldcamp will be >100m from water bodies (sea) to ensure minimal contamination. All solid waste will be packed out on camp closure together with all equipment and garbage so that the site is left as untouched as possible. All fieldwork will be conducted on foot with helicopter transport to locations, with zodiacs potentially used to access islets depending on ice conditions, so vehicle use will be minimised. A spillkit and insta-berm will be part of the camp equipment to ensure fuel contamination risks are minimised.

**8. SCHEDULE** – Applicants are advised that approvals without a licence are issued for a one year term.

Proposed Start Date: \_\_June/2014\_\_  
(Month/Year)

Proposed Completion Date: \_\_August/2014\_\_  
(Month/Year)
