Good afternoon, Ida.

Please find attached the Year-End Report for the 2018 Fury and Hecla Geoscience Project. This report should also serve as the formal request to cancel and close the permit for this project.

The plans for a 2019 field season are still falling into place, so please expect a new application for use of water and deposit of waste without a licence in the spring.

Also, please note that I am resigning from the CNGO effective January 25<sup>th</sup>, and the Fury and Hecla Geoscience Project will be taken over by a new hire who has yet to move up to Iqaluit. In the interim, if you have any questions, please direct them to Linda Ham (Cc'd).

I will be leaving notes for the new project leader so she is aware of the state of our NWB permits, and what information she will need to provide to your organization prior to the next field season.

Thank you for your help in permitting this project.

Best wishes and Happy Holidays,

Holly Steenkamp, M.Sc.
