Good morning,

### NRI - Deployment of environmental instrumentation in Grenier Lake watershed, Cambridge Bay, Victoria Island McLennan - CHARs -AANDC

The Nunavut Planning Commission (NPC) has reviewed the attached documents and has determined that the project proposal as described is located outside the boundaries of the two approved land use plans currently administered by the NPC.

No further review is required by the NPC at this time.

Please ensure that any change in scope of the proposed project is forwarded to the NPC so as a determination can be made as to whether a conformity review is required.

The Impact Review Board has been copied for their information.

Please contact me should you have any questions.

Mutna,

Brian Aglukark

## DISTRIBUTION

Please find enclosed a copy of an application for a *Science Research License* from **Donald McLennan, C.H.A.R.S, Aboriginal Affairs & Northern Development Canada.**

Donald McLennan's research is titled "***Deployment of environmental instrumentation in Grenier Lake watershed, Cambridge Bay, Victoria Island.***" and is proposed to take place from July 15, 2015 to October 31, 2015.

As per the **Scientists' Act** of Nunavut, community consultation is required before a Science Research License can be issued. The documentation is provided for your information and review.

Thank you for your continued assistance. Please contact our office if you have any questions or concerns regarding the above.
