RE: Subject: 150505 8WLC-HAP1516 New Approval Without Licence

I wish to apply for Approval Without a Licence for a small archaeological project located at Cape Tanfield, near Kimmirut on the south coast of Baffin Island. In addition to the application, which was forwarded to you some time ago, I enclose with this letter project summaries in English and Inuktitut.

If you require anything further, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Patricia Sutherland".
