To: Pascal Lee <pascal.lee@marsinstitute.net>, Megan Porter <megan.porter@nwb-oen.ca>

Good day Dr. Lee:

On July 11, 2013 the Nunavut Water Board received an application for approval without a licence, from you, for the Houghton Mars Project. A request for additional information was forwarded to you on February 18, 2014 and no response is recorded in our system.

Noted is a Type B licence still valid for this project and a copy is attached. If you still wish to apply for an approval without a licence, please forward a cover letter and Inuktitut summary. We will then continue to process the application for this season. If that is your option we will also require an application for cancellation of the attached Type B licence. Any questions, please contact the licensing department.

Regards,

Phyllis Beaulieu- 607 507 5075
