SUMMARY REPORT

No work took place at the proposed Site (Isachsen High Arctic Weather Station, Ellef Rignes Island, NU) in 2017. Due to poor weather our camp and/or field personnel were unable to mobilize to the Site and therefore did not require any water usage.

Should additional information become available which differs significantly from our understanding of conditions presented in this report, Stantec specifically disclaims any responsibility to update the conclusions in this report.

Should you have any questions, please do not hesitate to contact the undersigned.

Regards,
