The Nunavut Water Board acknowledges receipt on June 22, 2015 of your application for an approval without a licence for the continuation of a research camp for the Jones Sound Narwhal Study.

Please be advised that we require the application forms to be signed. Please fax or scan and send electronically, the signature page of both the english and Inuktitut applications.

The file has been forwarded to the tech advisor, Sonia, for a technical review. If there are no technical issues the approval could be issued by the end of this week.

Regards,
