Hi Nidhi,

Following up on your email last week, please find below the table of waterbodies/watercourses we plan to sample in Naujaat:

Drinking water- Lake for Ice collection (Isuqtuq?)	66°33'27.85"N	86°16'12.38"W	Collect Ice for people to melt and drink in winter
North Pole Lake	66°36'23.59"N	86°50'8.99"W	Good Fishing and Hunting
Amittujuaq	66°35'34.34"N	86°27'20.11"W	Good Fishing and Hunting
Iqi	66°42'3.45"N	86°26'23.27"	Cabins, Hunting
NOT IN SIKU	66°32'44.49"N	86° 6'42.46"W	
Iqaluppiligaarjuk?	66°33'31.70"N	86° 0'17.44"W	
Sipujaqtuq	66°23'3.41"N	86°43'32.81"	good fishing and drinking water
Kuugaarjuk?	66°28'9.53"N	85°18'3.71"W	
Avataqpattiaq	66°33'45.94"N	85°24'19.89"W	Important drinking water

For Coral Harbour, I expect the CLARC will identify sites near:

Sixteen Mile Brook	64° 6'44.42"N	83°30'9.77"W
--------------------	---------------	--------------

Kirchoffer River	64° 7'2.72"N	83°26'42.79"W
Fossil Creek	64° 8'15.84"N	83°18'45.62"W
Lake near airport	64° 9'54.76"N	83°15'32.38"W

We plan on a mapping exercise with the CLARC before we sample to incorporate traditional place names and additional sites within 30km of Coral Harbour.

Please let me know if I can provide further information

Best,

Matt
