January 30, 2014

Dear Nunavut Water Board,

This letter is to indicate that Emily Stewart, PhD Candidate, Queen's University, is authorized to act as my representative for a Nunavut Water Board licence for our 2014 field season on Cornwallis Island (because of my travel schedule).

The work in 2014 will be sampling sites on Prince Leopold Island and Tern Island (unofficial name, NE of Crozier Island) and also re-monitoring our Resolute Bay sites (right near the PCSP base).

Our plan is to do the fieldwork this July (we are just awaiting final details from PCSP).

The proposed field crew for 2014 will be: John Smol, Chris Grooms, Emily Stewart, and Rachael Melnik-Proud.

Please let us know if you need anything else right now. We have also applied for an NRI permit.

Thank you very much.

John P. Smol
