Hi Shannon,

I received the application form. An application for an approval without licence generally requires the following:

- Completed and signed application form
- Project summary in English and Inuktitut
- Project Map
- Application fee of \$30 canadian

We have on file a previously submitted map from the 2023 application, has anything changed in regards to that? Terry mentioned he has the project summaries in English and Inuktitut ready to be submitted. The Nunavut Water Board has no record of receiving the application fees for the 2017, 2023 and this year's 2024 season. Which comes to a total of \$90, I assume Terry wanted to make this payment? I hope this response addresses any concerns.

Regards,

Robert Hunter
Licensing Administrator
