1. Capturing migrating char for assessment.
2. Modifications to the original project proposal: same experiments in new locations
3. Associated NPC File No: 148312, Temperature tolerance of migratory Arctic Char, use facilities approved under 148668.
4. Location: Kitikmeot Region; [Laughlan River and Jayko River]

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has completed its review of the above noted project proposal. The NPC previously reviewed works and activities associated with the current project proposal including the same experiments in different locations and a determination was issued on July 2, 2016 (NPC file 148312) that it is outside the area of an applicable regional land use plan.

In addition, works and activities associated with the current proposal were previously screened by the Nunavut Impact Review Board (NIRB FILE NO.: 16YN053).

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials are available at the following address:
