Good morning,

Please see attached Approval letter in regards to Licence No. 8WLC-MBA2324 – Application by Natural Resources Canada for an Approval for the use of Waters and Deposit of Wastes Without a Licence for an Undertaking carried under the National Glaciology Project.

Copies of all documents received in support of this submission can be accessed through the NWB's Public Registry and FTP site using the following Link:

<ftp://ftp.nwb-oen.ca/registry/8 MISCELLANEOUS/8WL/8WLC - Camp/8WLC-MBA2223 NRCAN/1 APPLICATION>

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:

If you have any questions or concerns please let me know.

Regards,

Robert Hunter
Licence Administrator
