Hi Christopher

I have reviewed the application submitted for the 2019 field season and have just one comment.

Can you provide a broader scale map of the camp a research locations so that it is easier to locate. Something from google maps/earth will suffice. Also please double check the coordinates provided, as I typed them into google maps and the camp location ended up on Elsmere Island and not Axel Heiberg Island.

Thanks,  
Derek

Hi Christopher

Could you also provide the summary report for the 2018 field seasons as required by the previous approval condition 7c. This report should include a description of water use, waste deposit, timing of camp use, number or people at camp, and general activities undertaken.

It is my understanding that some activities took place in 2016 and 2017 as well, without a Licence or approval. Could you provide me with a brief summary of what activities occurred, and if water use or waste deposit occurred, also provide

summary reports for these years.

Thanks,  
Derek
