Subject: 8WLC-NWT1516 - Northern Watch Technology Demonstration - Approval for the Use of Waters or Deposit of Waste Without a Licence

Dear Mr. Grychowski:

Please find attached Approval Without a Licence (Approval) number 8WLC-NWT1516 issued to Defence Research & Development Canada (the Authorized Entity) by the Nunavut Water Board (NWB or Board) pursuant to its authority under Article 13 of the *Agreement between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada (the Nunavut Land Claims Agreement or NLCA)*. The Approval has been authorized for a period of one (1) year after the day on which the Board approves the application and includes conditions related to the use of Waters or deposit of Waste which are an integral part of this Approval required for this type of authorization under the *Nunavut Waters Regulations* (NWR).

This Approval and the conditions contained therein permits the carrying out of activities involving the use of Waters or deposit of Waste with respect to the Application for approval. Any variation from these activities may result in a violation of this Approval and contravention of the NLCA, the Nunavut Waters and Nunavut Surface Rights Tribunal Act (NWNSTRTA) or the NWR. The NWB would like to remind the Applicant of the obligations under this Approval with respect to the reclamation and reporting which will arise as this Approval approaches its expiry.

If the Authorized Entity contemplates the renewal of this Approval, it is the responsibility of the authorized entity to re-apply to the NWB. Note that if the Approval expires before the NWB issues a renewal, the use of Waters or deposit of Waste must cease, or the Authorized Entity will be in contravention of the NLCA and the NWNSTRTA. The NWB recommends that an application for renewal of this Approval be filed at least thirty (30) days prior to its expiry date.

If the Authorized Entity contemplates changes to its undertaking involving a change in scope or increased activity, a water licence may be required. It is the Authorized Entity's responsibility to apply to the NWB for a water licence in accordance with the timelines set out for licences.

Please note: as identified during the Application for the Approval for Use of Waters or Deposit of Waste Without a Licence, the Authorized Entity has held, or currently holds Licence # 3BC-NWT1113 that applied to the carrying out of activities involving the use of Waters or deposit of Waste now included under Approval # 8WLC-NWT1516. The Board reminds the Authorized Entity that as stated in s. 46 of the NWNSRTA, the expiry or cancellation of this licence does not relieve the holder from any outstanding obligations imposed under the licence. If there are any obligations under 3BC-NWT1113 that remain outstanding (such as obligations in relation to payment of water fees, filing of plans for approval and restoration, etc.) the Authorized Entity remains responsible for fulfilling these obligations.

This Approval has been posted to the NWB's Public Registry and FTP site and is accessible from the following link (USERNAME public and PASSWORD registry <ftp://ftp.nwb-oen.ca/1%20PRUC%20PUBLIC%20REGISTRY/8%20MISCELLANEOUS/8WL/8WLC%20-%20Camp/8WLC-NWT1516%20Grychowski/>)
