Subject: 8WLC-NWT----, Qikiqtani, Northern Watch Technology Demonstration Project, Application for Approval for the Use of Water or Deposit of Waste Without a Licence – Type “B” Licence Exists

Dear Bruce and Tamara:

The Nunavut Water Board (NWB or Board) acknowledges receipt on March 31, 2014 of your application for approval for the use of water or deposit of waste without a licence for the Northern Watch Technology Demonstration Project. The NWB Licensing Department has conducted a preliminary review of your application and has determined that a Type “B” licence already exists for this project. If an Approval Without a Licence is your option, the Type “B” licence will require cancellation and closure by an Inspector of Aboriginal Affairs and Northern Development Canada (AANDC). An application for cancellation is attached for your use.

Processing of the application for Approval Without a Licence has begun. If you have any questions please contact the undersigned.

Sincerely,

Original signed by:

Robin Ikkutisluk
Licence Administrative Assistant

Attachment – Cancellation Application
