Good morning Phyllis,

I am just following up on the phone message that I left you earlier this morning regarding our application for Approval for the Use of Water or Deposit of Waste Without a Licence.

-

My apologies for the delay in getting this to you, lines of communication got crossed and this application didn't go in with the rest of them (NIRB, QIA, AANDC). In any case the application is attached for your review and processing.

If there are any issues or concerns please contact me.
