To: Sonia Aredes <sonia.aredes@nwb-oen.ca>, Licensing Department <licensing@nwb-oen.ca>

Hi Sonia I have attached the require authorization, which lists both applications in it. I will give values for the maximum of each fuel type that we expect to either store overwinter or keep for use in the camp.

- 1) Gasoline for use for skidoos/ATVs/generators: 8 Gericans maximum at each camp at East Bay, and 12 Gericans at each camp on Coats Island
- 2) Propane – for use for ovens and freezers: 8 x 40lb cylinders at each camp at East Bay and 6 x 40 lb cylinders at each camp on Coats
- 3) Kerosene – for heaters: 8 liters at each camp at East Bay and at Coats Island

I hope this clarifies everything – please do not hesitate to email or call me if you have further questions. My phone number is 613 998 8282.

Sincerely Christine
