RE: Authorization to represent

To whom it may concern,

Douglas MacNearney is a technician responsible for field camp logistics with the Wildlife Landscape and Science Division. As such, he is responsible for applying for any permits required for operating our field research camps in Nunavut. To facilitate his completion of this task, I authorize him to represent myself and our team of Research Scientists in completing the application for our Nunavut Water Board approval for water use without a license for all the avian research camps listed on the permit applications for East Bay, Southampton Island (8WLC-PCE2425; renewal sent in with this letter).

If you have any questions, please call me at (613) 790 0534.

Sincerely,

Paul Smith  
Research Scientist
